

unit 1: atoms, isotopes, and ions

Mr. Maxwell

September 6, 2025

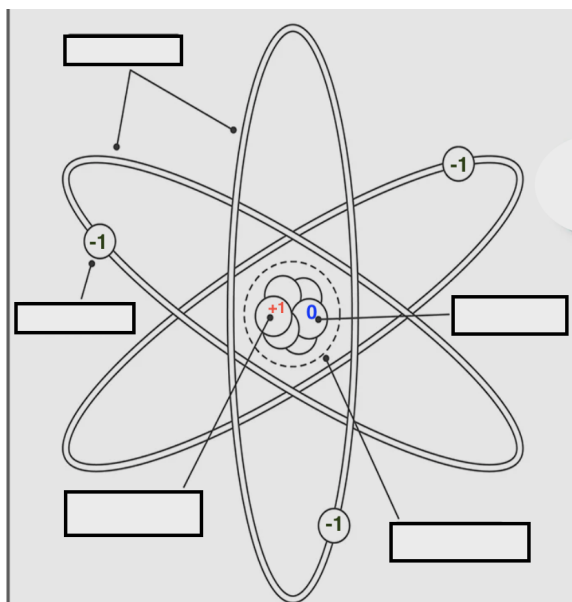

Contents

1 Lesson: atomic structure	1
1.1 electron diagram:	1
1.2 charges of particles	2

1 Lesson: atomic structure

- **objective:** label an electron cloud diagram of the atom showing the locations of electrons, protons, and neutrons

1.1 electron diagram:

1.2 charges of particles

Table 1: This is a table with lines around and between cells
subatomic particle charge

proton	positive(+)
neutron	neutral(0)
electron	negative(-)
