

# Atomic Structure

Mr. Maxwell

September 2, 2025

# A simple slide

This slide consists of some text with a number of bullet points:

- ▶ the first, very @important@, point!
- ▶ the previous point shows the use of the special markup which translates to the Beamer specific *alert* command for highlighting text.

The above list could be numbered or any other type of list and may include sub-lists.

# What is Chemistry?

What is Chemistry?
